The MM75 or MM440 frequency converter installed in series MC, MCI and MCH is being replaced by the current SINAMICS G120 series.

## Characteristics

- \_ Replacement of the MM75, MM220, MM420 and MM440 by the successor model SINAMICS G120

## Benefits

- \_ Lower costs: cheaper than predecessor model, which is now only available as a spare part
- \_ More reliability: universal spare part availability thanks to the new model
